Subject: Unified System for sewage in York County

Dear Mayor Sheppard, City Manager Funderburk, TC Council Members and all copied government representatives!

Hats off to Linda Stevenson and her group for keeping us updated(see below email) on her continuing efforts to help all of us to enjoy a cleaner Lake Wylie as well as a more efficient sewer system!

I appreciate all they do for this cause and urge you to help in any way you can to support those efforts!

Sincerely,

Sabine Storsberg

We are asking for your assistance again! Please send emails to any of the following addresses and ask them to support a **unified system for sewage in York County**. I have spoken with the Rock Hill Wastewater Treatment plant Manager and the Deputy City Manager for Rock Hill. This plant can manage our sewage and they support a unified system. A larger plant is more efficient and they are held to a higher standard than small plants.

It is appropriate for the PSC to consider greater efficiencies and reduced costs as shown in Utilities Services versus ORS, opinion #26952 under A Fairness of Rate Increase.
